

2012 Earth Week Schedule

Monday April 16th

I'd Tap That Campaign Kickoff

Pledge to drink tap water for spring term and learn more: Collis Atrium, Monday April 16th 10am-12pm, Tuesday April 17th 12-4pm, Wednesday April 18th 12-4pm.

What is the I'd Tap That Campaign?

The Sustainability Office's EcoReps are taking on bottled water at Dartmouth! Their goal? Reduce consumption of bottled water by Dartmouth students and educate students about the benefits of drinking REAL (TAP) water! Join the EcoReps in their work to get Dartmouth off bottled water by supporting local water sources.

Don't have a reusable water bottle for delicious tap water?

For the entirety of Earth Week, Collis Café will not be selling bottled water and will instead be selling reusable Camelbak bottles for 50% less than their retail price! And yes, you can use DBA!

Screening of "Tapped"

7pm, Collis Commonground

Kick off the I'd Tap That campaign with the EcoReps at a screening of "Tapped," a documentary about the effects of the bottled water industry on our health, climate change, pollution and reliance on fossil fuels. Free pizza, popcorn and organic farm salad will be served!

On your marks, get set, go... Green Greeks Ecolympics!!

Greek houses will compete throughout Earth Week to improve the sustainability efforts of their organizations. Winner will be announced at the Dartmouth Lorax Awards!
