

# You are cordially invited...

To the TELLING MY STORY Art Show & Auction.

Please join us for an evening of celebration and reflection to support and honor the power of creative expression.

Telling My Story is an NGO that works primarily with inmates and rehabilitation patients in the Upper Valley to cultivate self-reflection and communication skills through the arts. For this event, 20 artists with roots in the Upper Valley, Dartmouth College, and the greater Telling My Story support network have generously donated their art to sell in a silent auction, with all proceeds going towards future Telling My Story projects.

Your presence and support are invaluable; we hope to see you there!

Saludos & much peace,

Telling My Story
