

EXT. BRIDGE - DUSK

FRANC

Let's not beat around the bush. Are you in or are you out?

JOEL

No I am not in. You come out of fucking nowhere after disappearing for a few months. You broke up the one good thing in my life-the group. AND NOW you come up to me saying you want to the gang back together for another job. Where have you been? You just up and left. I don't need to put up with your shit. Fuck you.

FRANC

Joel, my sister is sick.

JOEL briefly stammers.

FRANC (CONT'D)

So do you still feel like a big man for scolding me?

JOEL

Go fuck yourself Franc Taylor.

FRANC

You know you missed it. You missed this. So what do they have you doing, resetting routers? And let me guess: you have to deal with at least 20 idiots.

JOEL

32

FRANC

See? If you agree to come back. You are only gonna hafta deal with 3 idiots.

JOEL

Well Patty does not say much. And Roxie is not idiot. So just one.

FRANC

So what do you say?

JOEL

I don't know. I just don't know. You left us-me without anything. THIS IS ALL I HAD and I had to get a shitty fucking job.

FRANC

I know. I know. I messed up, but you gotta understand I had to get out of here. Let me just say this. You know I wouldn't butter you up. But it is a serious haul I got for us. And I need ya bud.

JOEL

What we talking about here?

FRANC hands him a piece of paper. JOEL unfolds it.

JOEL

Fuck me. I am in. Where the others as easy to convince?
