

# The Women of Bain Capital Private Equity

invite you to join us for  
conversation and appetizers

Monday, October 20, 2014

6:00 pm – 7:30 pm

Rocky 003 | Rockefeller Building

Bain Capital, a global private investment firm managing approximately \$80B in assets, is excited to meet talented Dartmouth women interested in joining the field of Private Equity.

Tricia Patrick (Principal), Anna Marie Wagner (Associate), Lucy Chen (Associate) and Magdalena Kala (Analyst) will share their experiences and provide an insider's perspective on the industry and its opportunities. Some of the key questions they will answer include:

- What is Private Equity?
- What does an analyst or associate role entail?
- How does this differ from other finance jobs?
- When in my career should I think about joining?
- What are the issues and opportunities facing the industry today?

**Members of all classes, freshmen to seniors are encouraged to attend.** Opportunities are available for full-time positions directly after college and for recent graduates with some work experience. As this is a casual information session, no prior knowledge of Private Equity or finance is needed. After a 30-minute introductory presentation, our team will be available to talk with you and answer additional questions.

Space is limited. Please [RSVP by Thursday, October 16](#) to [Grace.A.Ma.15@dartmouth.edu](mailto:Grace.A.Ma.15@dartmouth.edu). Attire is casual.
