

## About Avero

Avero is the leading provider of business intelligence and analytics for the hospitality industry. Our mission is to provide the food and beverage industry with the most relevant, data-driven insights. We help restaurateurs drive revenues, improve profitability, provide a superior guest experience and outperform the competition.

Made up of hospitality veterans, Avero's team has experience in the industry as managers, chefs and finance professionals. We understand our client's day-to-day needs and challenges. Our teams share industry best practices and help clients leverage our products and data to meet their specific business objectives.

## Career Opportunities at Avero

### Full-Time Associate

As a Full-Time Associate at Avero, you will be responsible for identifying, analyzing and communicating data-driven opportunities to our clients while supporting them in realizing their business objectives. Avero's clients expect intimate knowledge of the global hospitality industry, strong interpersonal communication skills and excellent analytical abilities.

### Summer Intern

As a Summer Intern at Avero, you will work with our Global Ops, Business Development and Product Marketing teams to identify pain points, analyze opportunities and communicate solutions to our clients to support their business objectives. Projects will include new product competition, market dossiers and client-facing analyses.
