REMOTE EMERGENCY MEDICAL TECHNICIAN
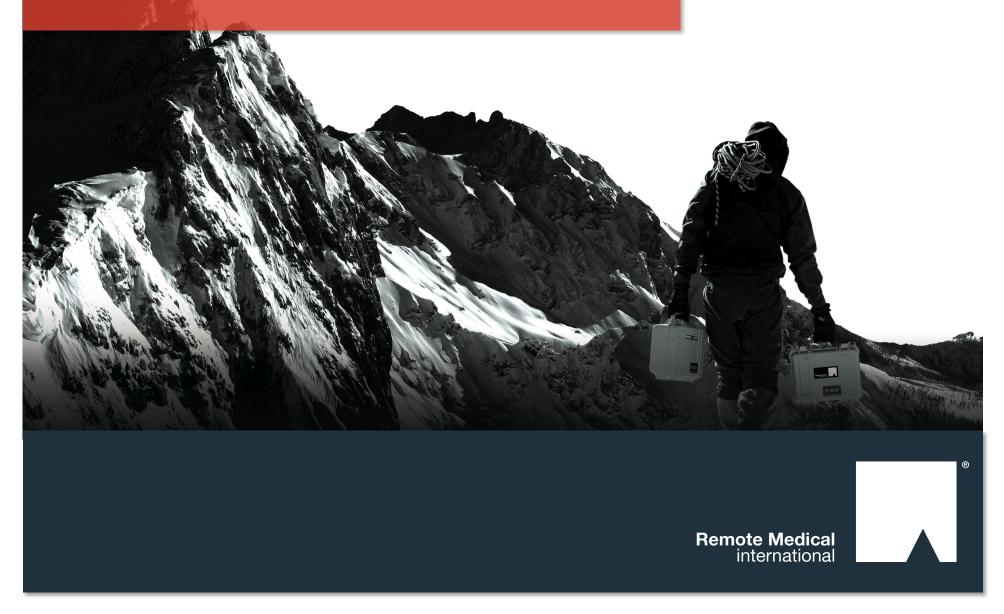

Dartmouth College

Hanover, New Hampshire
November 29 – December 21, 2015

Remote Medical
international

The Course

The Remote Emergency Medical Technician (REMT) course offers 26 days of intensive hands-on and scenario-based training to learn the medical skills necessary to serve as an EMT in urban, remote, and wilderness settings across the globe.

Participants who successfully complete the course receive the following certifications:

- EMT from the National Registry of EMTs
- Remote EMT
- Medical Care Person in Charge (MCPIC)
- Cardio Pulmonary Resuscitation (CPR from the Emergency Safety Care Institute)

The cost for this class is $2,895
