

Altamont Capital Partners in collaboration with Dartmouth Women in Business invite you to a **private equity** presentation and experience sharing panel.

Altamont Capital Partners (“ACP”) is a leading private equity investment firm based in Palo Alto, California. We focus on investing in change-intensive, middle-market private companies. The firm currently manages over \$1.3 billion of capital for a small group of the world’s most sophisticated private equity fund investors and has been growing consistently since inception. ACP’s investment strategy seeks out complex business situations, using rigorous analytics to uncover hidden value and then actively capitalizes on these opportunities in partnership with management.

The specific purposes and objectives of the Women in Business Organizations are to increase awareness of business in the Dartmouth community by supporting, educating and creating a network of Dartmouth women and alumni.
